**Subject:** Communications between HDR-HQI and CPG during shutdown (UNCLASSIFIED)

Classification: UNCLASSIFIED  
Caveats: NONE

Rob,  
Just received your email regarding the modeling coordination (as I was preparing to send the below).

As you know, the modeling coordination that typically occurs with EPA involvement, will cease until the shutdown ends. HDR-HQI has been informed they should not be communicating with their counterparts on the CPG modeling team until we have EPA involvement on the team.

And for all matters requiring EPA technical direction and/or approval, we will hold on proceeding until our EPA team members return to work.

I apologize for any inconvenience and appreciate your understanding during this shutdown.

Regards,

Beth Franklin
